

S.V.E & S.V.P.T

Immense durability and
Innovative technology

History

Established in the year 1980 with its first site at Sri Venkateshwara Press Tools & Component Products, Bangalore, India, SVPT has been admired for its performance and spirit to innovate and has firmly established its credentials putting it on a steady growth path. This has led to the establishment of one more facilities Sri Venkateshwara Engineers, which were required to take care of the growing needs of customers.

Over the past 33 years, we have been constantly engaged in turning imaginative ideas into leading engineering solutions while upgrading both in terms of adding technology as well as quality systems. This has ensured that the customer gets a consistent quality product delivered to him at a competitive price.

Quality

Today's competitive environment leaves no room for error. The production of auto components, home appliances and electrical components demands a high degree of accuracy to achieve Class-A standard finish.

At SVPT we are constantly working towards meeting our customers' needs and relentlessly look for new ways to exceed their expectations. Our integrated approach focuses on improvements across the whole supply chain in order to meet customers' requirement and stay relevant to their manufacturing plan.

The execution of projects at SVPT is aligned to a well defined Advanced Product Quality Planning process according to ISO 9001:2008 – Quality Management System.

Operational Goals

- Improving supplier performance
- Improving customer satisfaction
- Delivery of products on time at all times
- Zero defects and zero tolerance for nonconformity
- Establishment and maintenance of efficient processes and tools
- Evolving a system capable of driving continual improvement in processes and personnel

List of Equipments

- Verniers
- Micrometers
- Plating Thickness Gauge
- Slip Gauge Sets
- Height Gauge
- Control Rod Sets

Our Infrastructure

- A large and technologically driven manufacturing unit with modern facilities.
- Latest machines and equipments that aid in a smooth manufacturing process.
- Workforce possessing years of vast experience.
- Capable of rendering efficient solution as per client requirement
- Regular upgradation of the machines to render them efficient for day-to-day operations.
- Fully supported by a team of experienced engineers, technicians, R & D personnel and several others

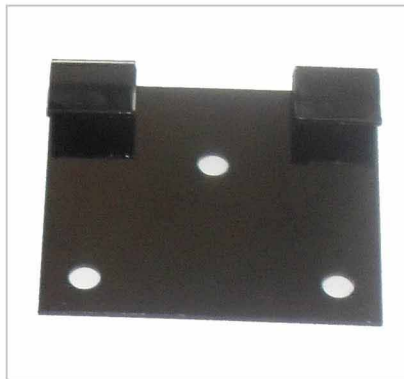

Products

To fully meet customer requirements, and at the same time reduce costs and improve quality means redesigning and reengineering existing products, and sometimes it means clean sheet designs. It always means accepting a high level of responsibility, working in partnership with the customer organization.

Value engineering is integral to everything we do here. To us that means reducing the end-cost of a customer's product by applying high technology on a production basis. Combining ISO/9001:2008-certified. A wide source of materials and a long history of experience, SVPT can produce quality, products that reduce inventory, speed assembly and increase quality.

Machinery Used

- Power Presses from 0 to 160 tons
- Lathe Machines
- Drill Machines
- Tapping Machines
- Surface grinding Machine etc.,

Certificate of Compliance
INTEGRATED QUALITY CERTIFICATION PRIVATE LIMITED
 hereby certifies that the Quality Management Systems of

SRI VENKATESHWARA ENGINEERS

Head Office & Plant #14, 2nd Cross Doddaiiah Garden,
 Kottigepalya, Magadi Main Road, Bangalore 560 091.

has been assessed and conforms to the
 Quality Management Systems
ISO 9001:2015

Scope: Manufacture and supply of sheet metal pressed components.

Division	: 24	Current issue date	: 02.11.2021
Class	: 24.40	Current expiry date	: 01.11.2024
Process(es) not applicable	: 8.3	1st Surveillance due	: 01.11.2022
Certificate number	: IND/QMS/NAB-C3255/3123	2nd Surveillance due	: 01.11.2023
Attachment(s)	: None		

H. Narasimhaiah
 Director

Certificate of compliance has an expiry period of 3 years from the current certification cycle start date but shall be considered as expired if the surveillance audit programme indicated in this certificate of compliance is not implemented to maintain as evidence that the certified management system continues to fulfil requirements unless otherwise supported by a letter of continued compliance issued by the registered office of Integrated Quality Certification Pvt. Ltd. Certificate of compliance shall be updated in website/register as suspended and/or withdrawn if the surveillance programme prior to the due date indicated above is not coordinated and implemented. Written information on any significant organizational changes with impact on the certificate of compliance shall be communicated to Integrated Quality Certification Pvt. Ltd prior to the planned audit schedule.
